WELCOME MESSAGE

Africa's Next Industrial Era Begins Here

Africa stands at a defining moment in its industrial and economic transformation.

Across the continent, governments, businesses, investors, and innovators are accelerating efforts to build stronger value chains, expand industrial capacity, and unlock sustainable economic growth. From agro-processing and mineral beneficiation to manufacturing, energy infrastructure, and digital transformation, Africa's industrial future is rapidly taking shape.

Yet despite the scale of opportunity, one challenge continues to limit progress across many sectors:

Capital is still not efficiently reaching Africa's value chains.

The Africa Value Chain Investment Summit (AVCIS 2027) was created to bridge this gap.

AVCIS 2027 is designed as a high-impact investment and partnership platform that connects investors, governments, corporates, SMEs, development institutions, industrial leaders, and technology innovators within one structured ecosystem focused on real investment outcomes.

More than a traditional conference, AVCIS 2027 is a curated capital marketplace designed to accelerate partnerships, mobilize investment, strengthen regional industrial ecosystems, and support Africa's next phase of industrial growth.

We invite you to join us in Harare, Zimbabwe, as we shape partnerships, unlock opportunities, and contribute to Africa's industrial and investment future.

We look forward to welcoming you to AVCIS 2027.

Mr. Tinashe Noel Tafira
Managing Partner — AVCIS 2027

Dr. Justin Gumbochuma
Managing Partner — AVCIS 2027

THE AFRICAN OPPORTUNITY

Africa Is Entering A New Industrial Era

Africa is no longer seeking to participate at the bottom of global supply chains.

ACROSS THE CONTINENT:

Governments are prioritizing industrialization

Businesses are accelerating regional expansion

Investors are pursuing scalable frontier-market opportunities

SMEs are demanding access to capital and markets

The AfCFTA is strengthening intra-African trade

The push for local beneficiation and manufacturing is rapidly growing

Infrastructure development is creating new industrial corridors

Technology adoption is transforming traditional industries

A MASSIVE MARKET. LIMITLESS POTENTIAL.

AFRICA POSSESSES:

Vast natural resources

A fast-growing consumer market

Strategic mineral reserves

Expanding digital economies

One of the world's youngest populations

Increasing regional integration momentum

YET DESPITE THIS MOMENTUM,
ONE MAJOR CHALLENGE REMAINS:

Capital Is Still Not Efficiently Reaching Africa's Value Chains

Investors continue to struggle with fragmented deal flow, while many African enterprises lack structured access to strategic capital, investment networks, and high-level decision-makers.

AVCIS 2027

EXISTS TO SOLVE THIS.

Connect Capital

Unlock Opportunities

Advance Partnerships

Drive Real Investment Outcomes

THE AVCIS DIFFERENCE

A Capital Marketplace. Not A Talk Shop.

AVCIS 2027 is intentionally designed around real investment outcomes.

Unlike traditional conferences, AVCIS 2027 creates a structured ecosystem where capital, industry, governments, infrastructure, technology, and scalable African opportunities converge.

AVCIS 2027 is built around:

CURATED DEAL ROOMS

Structured investment engagement focused on priority sectors.

INVESTOR MATCHMAKING

Targeted introductions between investors, corporates, governments, SMEs, and project owners.

PRE-SCHEDULED MEETINGS

A digital platform enabling high-value B2B and B2G engagement.

SECTOR-SPECIFIC INVESTMENT OPPORTUNITIES

Focused discussions around scalable value chain projects.

SPONSOR ACTIVATION PLATFORMS

Strategic visibility opportunities for sponsors and partners.

PARTNERSHIP & MOU ANNOUNCEMENTS

Public launch of strategic industrial collaborations.

CROSS-BORDER TRADE ENGAGEMENT

Strengthening regional value chains under the AfCFTA framework.

REAL INVESTMENT OUTCOMES

Prioritizing execution, partnerships, and measurable deal flow.

“The value must be created locally and domesticated here in our factories, processing plants, innovation hubs, and within communities”

His Excellency,
Cde Emmerson Dambudzo Mnangagwa
President of the Republic of Zimbabwe

STRATEGIC OBJECTIVES OF AVCIS 2027

Our mission is to mobilize capital, drive industrial transformation, and position Africa for sustainable economic growth.

1

UNLOCK INVESTMENT INTO AFRICAN VALUE CHAINS

Connect investors to bankable projects, industrial opportunities, SMEs, infrastructure development, and scalable enterprises.

2

ACCELERATE INDUSTRIALIZATION

Promote manufacturing, beneficiation, agro-processing, export-ready industries, and regional industrial ecosystems.

3

STRENGTHEN INTRA-AFRICAN TRADE

Support regional integration and cross-border value chain partnerships under the AfCFTA framework.

4

PROMOTE TECHNOLOGY-DRIVEN TRANSFORMATION

Highlight digital infrastructure, fintech, AI integration, industrial automation, smart agriculture, and logistics innovation.

5

BUILD A PAN-AFRICAN CAPITAL & PARTNERSHIP ECOSYSTEM

Create a high-impact investment environment connecting governments, corporates, investors, SMEs, and development institutions.

AGRICULTURE & AGRO-PROCESSING

From Raw Commodities To Export-Ready Products

Africa continues to export raw agricultural commodities while importing higher-value finished products.

AVCIS 2027 seeks to accelerate investment into modern agro-processing ecosystems capable of increasing value addition, strengthening food security, creating jobs, and boosting export competitiveness.

KEY FOCUS AREAS

Agro-processing investment
